G6-8_ENTREPRENEURSHIP_UNIT01_ANSWER_KEY01

Answer Key 01

1. Accept definitions linking market need to customer demand/problem.
2. $\text{Margin} = \text{price} - \text{cost}$; accept correct computation.
3. Accept problem statements that are specific and customer-centered.
4. Accept justified choice using value + margin reasoning.
5. Accept coherent reflection grounded in tradeoffs.
